KEEPING YOU INFORMED

This report is a summary of some indicators of the performance of our district. No single report can tell the whole story of our educational program or the people who work and learn here. We encourage you to find out firsthand by visiting our schools. If you are a parent of one of our students, we invite you to take an active role in your child's learning because studies show that when parents are involved, students do better in school.

OUR COMMUNITY

Many factors, such as how often a child attends school, moving frequently, and English language experience, influence student achievement. Measuring these characteristics helps us understand our students' needs.

We are committed to ensuring that highly trained and qualified teachers instruct our students. Parents are welcome to request information about the qualifications of their child's teachers at anytime. In addition, if the need arises for your child to be taught by a teacher without complete qualifications for more than four weeks, we will notify you.

ABOUT OUR DISTRICT'S TEACHERS

100 Percent who are highly qualified
 0 Percent who are teaching as an approved consultant specialist
 0 Percent who are teaching with a letter of authorization
 0 Percent of classes not taught by highly qualified teachers

OUR ENVIRONMENT

Our goal is to provide a place for students to learn without distractions and concerns for safety. We closely monitor activities on our campus and offer comprehensive programs to prevent alcohol, tobacco, and substance abuse. As required by state and federal laws and rules, we collect, monitor, and report on crimes and substance abuse incidents on our campus and at school activities. A complete report of this information about our district and our schools is available at: <http://www.sde.idaho.gov/ReportCard/Index/2008/033> or by contacting 945-2891 in our school district.
